Description:	<p>Island Lake is a prestigious coed sleepaway camp in the Pocono Mountains of Pennsylvania, two and half hours from NYC. We were founded on a philosophy of individual attention and achievement. Campers create their own schedules by choosing their activities. This means that you, as an instructor, will only have campers coming to your classes who want to be there. We feel that happy counselors make happy campers. We treat our staff members the way we would want to be treated ourselves. We are not there to look over your shoulder and criticize you and the job you are doing. We are there to help you do your job to the best of your ability and we create an atmosphere that facilitates this. We empower you to do your best and become a better person from your summer experience. ILC is one of the few camps that allow our staff no curfew on nights off and longer days off.</p>
